# RESIDENTIAL SITE PLAN EXAMPLE

Items to include on site plans for Residential construction projects:

1. The actual dimensions of the parcel being built upon.
2. Size, shape and location of the structure(s) to be constructed.
3. Size, shape and location of all existing structures on the lot.
4. Setbacks of all existing and proposed structures from property lines.
5. Proposed ingress and egress for new home construction and/or garages.
6. Identification of roadway(s) the property fronts upon.
